Our story

Sublime Comporta is a project born of a love for Comporta and a desire to share all it has to offer.

Gonçalo and Patricia discovered Comporta in 2004. The area quickly worked its magic and almost immediately they bought the 17-hectare property where Sublime Comporta lies today.

Years later, eventually they began building their weekend home. In 2014 when looking at their home, they felt a growing need in the area for a hotel and decided to turn their family home into a small rural country house retreat with 14 rooms. The stunning property worked its magic and their natural talent to host captivated guests from all over the world – the word spread, and the project grew.

Gonçalo and Patricia moved to Comporta permanently living on property for 3 years with their 4 children.

About Comporta

Comporta is in the Alentejo province of Portugal.
A magical, unspoiled place where one is able to experience all that is still authentic and genuine in Portugal - living with the locals and feeling the rhythm of “slow living”.

Comporta is an area made up of 8 small villages.
The main village of Comporta is located roughly 20km from the hotel and has several small stores, a grocery store and a café. Carvalhal is the closest village (5 km from the hotel). Here you will find cafés, magazine stores and restaurants frequented by the locals.

About Sublime Comporta

Nestled on a stunning 17-hectare estate, surrounded by undulating umbrella pines and cork trees, sand dunes, vineyards, rice fields and over 60km of pristine, white-sand beaches is Sublime Comporta.

Here, a breath-taking natural environment comes together with the elegance of contemporary architecture and décor and achieves the perfect balance between design, comfort and respect for nature and its surroundings.

Just one hour from Lisbon, the perfect fusion between the beauty of natural surroundings and the simplicity of its architecture, Sublime Comporta pays homage to the best of Portugal.

The rooms, suites and “Comporta Style” villas stretch across several buildings adding to the intimacy of the hotel. These are the Owners House, the Guest House, the Bio Pool Suites and the Villas. The hotel includes a total of 23 rooms and suites as well as several 2, 3, 4 and 5-bedroom “cabana” villas.

The Villas are a contemporary take on the typical “Comporta Cabanas”. These can be enjoyed by family and friends and include a fireplace, a private pool, several decks and up to 7.300 m² of outdoor private area. All are fully serviced by the hotel.

Restaurants & Bars

There are several restaurants to be enjoyed on site, each with a distinct offer and ambiance.

> SEM PORTA

The hotel's main restaurant finds its inspiration in the local's old rice storing facilities. Keeping the essence of Comporta, the architecture is rustic yet sophisticated.

Both the landscape and nature that surround it inspire the creations of this restaurant. At Sem Porta Restaurant, the local products and producers are the stars. There's a respect for the origins and for time, which in the Alentejo has a different rhythm. Here, a seasonal cuisine of communion and respect for nature is practiced. The Chef uses regional products, working with local fisherman and wineries, giving precedence to fresh and organic. From the biological garden, in front of the restaurant, come some of the ingredients that you can find on the menu. From Comporta and Alentejo, references are recovered and reinvented.

Besides the hotel gift shop where you can find an outstanding selection of Portuguese wines and many typical Portuguese gift options to take back to friends and family outside of the hotel, you can find several stores in Carvalhal. For a more complete shopping experience we recommend you drive to Comporta. Here you can find a variety of stores including hippy chic type clothing, décor, furniture. Some of these include:

- > **Stork Club (Carvalhal – by Jacques Granges)** – décor.
- > **TM Collection – by Teresa Martins** – clothing.
- > **Lavanda** – clothing and décor.
- > **Cote Sud** – clothing.
- > **Rice** – Marta Mantero – decor.

> **Alaire** – Outdoor furniture, décor, books and a selection of clothing.

> **Mercearia Gomes** – This local grocery store is worth a stop. From the outside the grocery store looks simple but as you enter you realize it is more than just a simple country grocery store. Compared by many to “little Harrods” here you will find some of the country’s best wines, best cheeses, freshly baked partridge pies, Himalayan salt and more

> **Sr. Julio** – A stop here is worth the adventure. Sr. Julio sells old farm materials and antiques on the side of the road. Here you find all sorts of treasures. All the “in the know” people in the area decorate their houses with a mix of designer furniture mixed with “finds” from here. We have done this at the hotel.
